## CHOOSE TIME FOR NUMBER PORTING

- When the lock-in and notice period has expired at my current tele operator**  
I am aware that billing starts when the SIM card is inserted into a mobile. However, billing will always start within 30 days (consumer customer) or 90 days (business customer) of purchase, unless otherwise agreed.
  
- As soon as possible, regardless of my lock-in and notice period at my current tele operator**  
I am aware that I risk being obliged to pay both 3 and my current tele operator during a transitional period. My current tele operator can choose to send a compiled final invoice as soon as my number has been ported.
